Read by Jim Locke. Total running time: 09:46:06

Honora Klaper is beautiful, distinguished, smart, and charming. A woman who turns heads. She is on an errand. No, it is not an errand to get a man. No, it is not an errand to make money. It is a revolutionary errand: to get an education! Not just "an education". She wants to be educated in Cambridge University. Set in a time when education of women was uncommon, and written by a lady who was educated in Cambridge herself, this book tells about the rewards and the struggles of a woman to win an education.
